

More QUESTIONS

Dr. Brad Ebert won't ever answer

With 3 Tournament Quality indoor basketball courts in the proposed Middle School instead of just the one needed:

How much more will it cost to heat them all winter?

How much more will it cost to a/c them all summer?

How much more will it cost to light them all year?

How much more will it cost to replace their roofs every 10 years?

Aren't we already desperate to find ways to raise \$51,000,000 to repair our schools?

Who's brilliant idea was it to have 5 indoor basketball courts?
