

Kiel Area School District

1) What specific YEAR will KASD taxpayers be out of DEBT and our school buildings REPAIRED? Can taxpayers see KASD's financial calculations please?

2) When will KASD release the public records requested over 18 months ago about your \$67 million dollar referendum?

3) Why doesn't the KASD school board have a policy stating clear expectations for how quickly you will release requested public records? 10 days is the Wisconsin Attorney General's recommendation.

4) How many more months until KASD releases the internal communications (public records) regarding the mysteriously disappeared 46 page formal complaint filed against President Dan Meyer eleven months ago?

School Board Meeting

Monday March 16th

5:30 p.m. on line at

INCUMBENTS
Answer Voter's Questions
or yet another total
COVER-UP ?

8) Who should receive the formal complaint that is ready to be filed against Vice President Tony Johannes for allegedly covering up the formal complaint filed against President Dan Meyer?

Which school board member will take responsibility for guaranteeing the Johannes complaint gets processed instead of mysteriously disappearing?

By answering these community feedback questions KASD can perhaps dispel some accusations of rampant corruption?

Do they deserve another chance to do their duty?

Surely KASD won't completely ignore all the Voters' Questions again this meeting?

5) Why didn't the KASD even mention the Kristin DeTroye scandal at your last school board meeting?

Does anyone deny her toxic emails available at www.tccwi.org are real?

Why hasn't the KASD school board investigated the threats and insults attacking our duly elected public officials made by Superintendent Ebert's sister? Does the Board have any excuse for not banishing Kristin DeTroye for life from District property and events like you did those citizens the police confirmed are totally innocent?

6) The School Board unanimously spiked our taxes way up last year, will you whack us again in 2026?

7) KASD signed a ten year agreement with Great Lakes Equity Center (GLEC) even though 837 Kiel citizens signed a petition against their blatantly anti-white ideology.

GLEC vanished off the face of the earth during the DOGE investigations.

How many more years is KASD going to continue mandating GLEC's controversial curriculum and training on Kiel students and staff?
