

**In addition to the requests for public records about the referendum made months ago that have gone unanswered in blatant and repeated violation of state law, I now request the following additional public records, which will answer the questions of many taxpayers. The requests are directed to specific individuals as indicated:**

**But first please note for the record that wisely spending a million public dollars takes considerable attention and skill, and many many issues must be identified and addressed. Much more so with \$67 million taxpayer dollars. If anyone feels any item posed below is not relevant to the public interest when \$67,000,000 is on the table, I am more than willing to discuss, feel free to reach out.**

Dan Meyer  
President of the School Board

At the 7/29/24 School Board meeting Dan Meyer stated at 47:16 that the Community Focus Group “overwhelmingly decided it was time to abandon the middle school”.

For the record, the architect’s Facility Assessment Report says all 3 schools are in the same “fair” condition overall.

Please provide the public documents that verify Dan’s representation of the Group’s decision.

Tony Johannes  
Vice President of the School Board

Please provide public records that document when exactly Tony Johannes first became aware that the three KASD schools are in need of tens of millions of dollars of repairs and maintenance.

Provide all public records showing what if any actions Tony Johannes took to solve and/or at least address the problem, after he found out that the three KASD schools are in need of tens of millions of dollars of repairs and maintenance.

Stuart Long  
Buildings & Grounds Committee

There are outdated projections on the website, so how about providing some relevant public records:

Student Enrollment projections for the next three years

Student Enrollment projections for the next 10 years

Student Enrollment projections for the next 40 years

Karin Willie  
Treasurer of the Board

The detailed breakdown of the cost estimate that the referendum is based upon, that reportedly adds up to \$67,000,000

Please provide a copy of the Astroturf maintenance plan KASD has selected, and estimated costs and timelines to replace said astroturf.

Please provide records of how much tax payer funds have been set aside for Astroturf replacement at this time.

James Bajczyk  
Personell

Please provide a copy of the signed contract with the organization that created the public survey.

Please provide any revisions to the contract with the organization that created the public survey.

Please provide public records showing total costs (or all invoices and receipts if records of total costs do not exist) related to the public survey including creation, printing and mailing, data analysis, results presentation, etc.

**Please provide the raw data collected from the public survey of the public’s opinions that was paid for by the public that concerned a public issue. Please don’t insult anyone and pretend this is not public information subject to open records requests.**

**Please provide public records indicating if anyone associated with KASD made any effort of any kind to set the public record straight regarding the abundance of discrepancies and inaccuracies published in the public survey.**

Dr. Brad Ebert  
Superintendent and Custodian of Records

**Please provide all public records indicating if anyone associated with KASD made any effort of any kind to set the public record straight regarding the abundance of discrepancies and inaccuracies and utter nonsense published in the two articles written by Tracy Folz in the local paper on May 9, 2024.**

Please provide all public records indicating who the “School officials” are that Tracy Folz cited as sources in her discrepancy filled article appearing on page 6 of the local paper on May 9, 2024.
