

NARRATIVE

On 10/25/24 at approximately 0834 hours, I, Officer Kamp, received a phone call from Becki Giebel, who I know to be the secretary at the district office for the Kiel Area School District, and she informed me to call Brad Ebert, the superintendent, at extension 3001 immediately.

I placed a call to Brad who informed me that I needed to respond over to him immediately, as there are four (4) males, two identified as Matt Piper and Randy Ohlm and they are refusing to leave, and Brad wants them removed. According to Brad, Randy requested an open records request and when he picked it up, he claims it was not all there and wanted to speak with Brad. Randy was told that Brad was not available, and he needed to set up an appointment and Randy said they will wait in the District Office all day for him.

Brad stated that he wants them removed from the district office and he will not be meeting with them unless they schedule an appointment.

After speaking with Chief Jeanty, it was determined that they can remain on site as long as they are in the public access area, not the secured portion. I was currently with Brad at the middle school and on speaker phone with Becki, when she was directed to tell Randy that he needs to schedule an appointment and that they need to leave. I began to respond to the district office, along with Chief Jeanty, and prior to our arrival, all four left without incident.

It was then Chief Jeanty and myself met with Brad, Becki and Hannah Thorton, who is the front office secretary at the district office. Hannah said she buzzed them in and provided Randy with the request and Randy claimed his request was not fulfilled and refused to leave. After Becki explained that they needed an appointment and to leave, they left.

This report is for documentation purposes only at this time.

I have nothing further to report at this time.
